TIPS FOR
2017

In the world of new and emerging music, December is a barren spell for new albums with the Christmas fodder taking centre stage. To combat the mass market of terrible music and best of releases we compiled a list of great albums we've heard throughout the year, so, if you're looking for a gift or a way to spend vouchers we suggest taking a punt from our [Albums Of 2016](#) list.

Over on **The Takeover**, November saw excellent contributions from [Dan Croll](#) and [The Comet Is Coming](#). **Dan** managed to record an hour's special whilst on tour highlighting some of the new music he's into at the minute and **The Comet Is Coming** blew our minds with their dark take on jazz. In December we're thrilled to bring you one off specials from [Our Girl](#) and **Blaenavon**.

Since we last spoke we've invited a whole host of bands in for a chat. [Savoy Motel](#), [Our Girl](#), [QTY](#), [Christian Loffler](#), [King Nun](#), [Hooten Tennis Club](#), [Let's Eat Grandma](#), [Trudy and the Romance](#) and [Husky Loops](#) all told us about their lives currently. If you're all about the music, check out guest mixes we've brought you from [Kinder](#), [Melt Yourself Down Jagara](#) and [Joshua Oldsoul](#).
